

# 3 + 4 DUAL DEGREE PROGRAM

You can reach your full potential and explore what's scientifically achievable through our agreement with Utica College (UC). Earn your bachelor's degree in Chemistry from UC and your Doctor of Pharmacy from ACPHS in just seven years.

## HOW TO APPLY:

- Apply to the Chemistry program at Utica College (UC).
- Submit a copy of your application to ACPHS. You will need to be accepted to each program individually based on each institution's admissions standards.
- You will formally apply to the Doctor of Pharmacy program at ACPHS by December 1st of your third year at Utica College.

## HOW IT WORKS:

- You will attend Utica College for the first three years of the program, pursuing your bachelor's degree in Chemistry.
- You will attend ACPHS for the final four years of the program, completing the requirements for your bachelor's degree and Doctor of Pharmacy degree.
- Students will matriculate at ACPHS once the following have occurred:
  - Completion of at least 90 credits at UC with a GPA of 3.0 or higher
  - Completion of required pre-pharmacy courses at UC
  - Successful completion of interview with ACPHS
  - Completion of the PCAT with a minimum score of 20
- You will receive your bachelor's degree from Utica College once you have completed the first year of the Doctor of Pharmacy program at ACPHS.
