

Coronavirus Update # 9 – 4/10/20

Student Emergency Fund and Summer Classes

To ACPHS Community,

I am very proud of how our community has come together to ensure we're doing everything we can to help our students through this stressful and uncertain time. Our core principle of being student-centered is not just a catch phrase we included in our strategic plan, but the motivation that drives our decision making today and every day.

ACPHS Creates Student Emergency Fund

We understand that while our students are resilient and have done a great job adjusting to the new normal, that this stressful time has created some unforeseen financial hardships. To help these students, a group of generous alumni, staff and friends created a [Student Emergency Fund](#). Any student is welcome to [apply for emergency funds](#). We will make every effort to address every student's need, but priority will be given to students with the [hardships listed on the application](#), and these funds cannot be used for tuition. All requests for funds will be responded to within one week and kept confidential by the committee reviewing applications. If you have questions about the Student Emergency Fund, please contact Susan Iwanowicz, Interim Vice President for Student Success at susan.iwanowicz@acphs.edu.

Remote Instruction Will Continue for Summer Classes

While our collective social distancing efforts are helping to flatten the curve, the Governor has said this is not the time to do anything differently. Therefore, we have decided that summer classes will also be offered via remote instruction for both sessions.

I appreciate your patience as we make the necessary adjustments to ensure the health and safety of our campus community. I continue to be inspired by how students, faculty, staff and alumni are supporting each other during this challenging time.

Greg Dewey
ACPHS President
