
**AMERICAN PHARMACISTS ASSOCIATION'S
PHARMACY-BASED IMMUNIZATION DELIVERY**

A CERTIFICATE PROGRAM FOR PHARMACISTS

HOSTED BY: ALBANY COLLEGE OF PHARMACY AND HEALTH SCIENCES
DATE: APRIL 29, 2017
LOCATION: ACPHS, GOZZO STUDENT CENTER RM 202, 106 NEW SCOTLAND AVE.,
ALBANY, NY

**For questions about this program, please contact:
Lori A. Kline (518) 694-7231 or lori.kline@acphs.edu**

APhA's Pharmacy-Based Immunization Delivery certificate training program (13th Edition) is an innovative, intensive, and practice-based continuing pharmacy education, based on national educational standards for immunization training from the Centers for Disease Control and Prevention. This program is designed to educate pharmacists about the professional opportunities for vaccine advocacy and administration. This practice-based curriculum represents a fusion of science and clinical pharmacy. The program, which emphasizes a health care team approach, seeks to foster the implementation of interventions that will promote disease prevention and public health.

The purpose of this certificate training program is to prepare pharmacists with comprehensive knowledge, skills, and resources necessary to provide immunization services to patients across the life span.

The goals of this program are to:

Educate pharmacists about:

- ❖ The impact of vaccines on public health.
- ❖ Pharmacists' roles in immunization.
- ❖ Immunologic principles of vaccine development and immunizations.
- ❖ Vaccine-preventable diseases and the vaccines used to prevent them.
- ❖ Strategies for improving immunization rates.
- ❖ Requirements for pharmacists who provide immunization services.

Prepare pharmacists to:

- ❖ Read an immunization schedule and identify appropriate vaccines for individuals across the life span and with special needs.
- ❖ Educate patients about the benefits of vaccines and dispel myths about vaccines.
- ❖ Safely administer vaccines to patients via subcutaneous, intramuscular, intranasal, and intradermal routes.
- ❖ Operate an immunization service in compliance with legal and regulatory standards.
- ❖ Partner with immunization stakeholders to promote immunizations and the immunization neighborhood.

Direct pharmacists to resources necessary to:

- ❖ Promote public health through immunizations.
- ❖ Access regularly updated information about vaccines and their use.
- ❖ Effectively communicate with patients and other stakeholders about resources.
- ❖ Operate an immunization service in compliance with legal and regulatory standards.

APhA's Pharmacy-Based Immunization Delivery certificate training program has three components: online interactive self-study with assessment; the live seminar with online final assessment; and hands-on assessment of intramuscular and subcutaneous injection technique. A Certificate of Achievement will be awarded to participants who successfully complete all program components, including an evaluation

Key Learning Objectives of the Live Training Seminar

At the completion of this activity, the participant will be able to:

1. Describe strategies for increasing immunization rates, including physician collaborations, community level activities, and immunization coalition activities
2. Describe pharmacy operations and a process for administering vaccines in various pharmacy practice settings
3. Evaluate patient histories and make patient-specific recommendations based on the appropriate immunization schedule
4. Demonstrate effective strategies for communicating with patients who have concerns about vaccines
5. Describe current evidence regarding vaccine safety
6. Recognize the signs and symptoms of adverse reactions that can occur after vaccination
7. Describe procedures for management of patients with adverse reactions to vaccination that constitute an emergency
8. List the steps for administering currently available intranasal and intradermal vaccines
9. Demonstrate appropriate intramuscular and subcutaneous injection techniques for adult immunization

For a complete list of learning objectives and for all APhA accreditation information and policies, please visit APhA's website, <http://www.pharmacist.com/pharmacy-based-immunization-delivery> .

Seminar Agenda

7:30 am – 8:00 am	Check-in and Continental Breakfast
8:00 am – 8:20 am	Welcome, Introductions and Acknowledgements
8:20 am – 9:45 am	Clinical Review
9:45 am – 10:00 am	Morning Break
10:00 am – 12:15 pm	Managing a Pharmacy-Based Immunization Program Strategies for Increasing Immunization Rates
12:15 pm – 1:00 pm	Lunch
1:00 pm – 2:45 pm	Applying ACIP Immunization Schedules Communicating with Patients
2:45 p – 3:00 pm	Afternoon Break
3:00 pm – 5:30 pm	Vaccine Administration Technique Transitional/Summary Remarks Skills Assessment

Faculty

See-Won Seo, Pharm.D.

Gina Garrison, Pharm.D.

Courtney Caimano, Pharm.C.

Continuing Pharmacy Education (CPE) Information and Activity Completion Requirements

Initial release date: 12/1/2016; expiration date: 08/31/2017

Activity Type: Practice-based

Target Audience: Pharmacists in all practice settings

- Successful completion of the self-study component involves passing the self-study assessment with a grade of 70% or higher and will result in 12 contact hours of CPE credits (1.2 CEUs). **ACPE Universal Activity Number: 0202-9999-16-144-H01-P**
- Successful completion of the live seminar component involves attending the full live seminar, passing the final assessment with a grade of 70% or higher and demonstrating competency in 2 intramuscular and 1 subcutaneous injection. Successful completion of this component will result in 8 contact hours of CPE credit (0.80 CEU). **ACPE Universal Activity Number: 0202-9999-16-145-L01-P**

Once credit is claimed, Statements of Credit will be available online within 24 hours on participant's CPE Monitor profile at www.nabp.net. The Certificate of Achievement will be available online upon successful completion of the necessary activity requirements on the participant's "My Training" page on www.pharmacist.com

The American Pharmacists Association is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Activity Requirements - Course material and exams will be accessed online - In order to participate in this activity, registrants must have access to a computer with minimum system requirements: Internet connectivity with current version of internet browsers, such as Chrome, Firefox, Safari, or Internet Explorer (V8 and above); Adobe Acrobat Reader, Flash Player 8 or higher, Windows 95, Pentium 3 or equivalent processor, 64 MB of free memory (not 64 MB total), and Audio: Sound card and speakers or earphones. For full technology requirements, please visit <http://www.pharmacist.com/pharmacy-based-immunization-delivery>

Pharmacy-Based Immunization Delivery: A Certificate Training Program for Pharmacists was developed by the American Pharmacists Association.

Refund Policy: The fees for the program and a clear statement of the items which are and are not covered by those fees, as well as any applicable deadlines for pre-program cancellations and fee refunds
