

ACPHS CEPD MISSION STATEMENT: To provide evidence-based educational opportunities that facilitate life-long learning and continuous professional development in order to maintain the competency of pharmacists and pharmacy technicians engaged in the dynamic healthcare environment.

ACPHS CEPD GOAL STATEMENT: To continuously educate and develop the knowledge and skills of pharmacists and pharmacy technicians related to new medications, standards of care and advances in pharmacy practice. Our activities will be established based on identified knowledge or practice gaps and related educational needs with the goal of fulfilling the stated learning objectives and meeting relicensure requirements.
