

Cannabis Updates

Albany College of Pharmacy and Health Sciences
Office of Continuing Education and Professional Development
A live on-line Webinar

Thursday, September 22, 2022 / 12:00 pm – 1:00 pm

Presented by

Megan Velelov, PharmD, MBA

Assistant Professor of Pharmacy Practice

Coordinator, Experiential Education

Albany College of Pharmacy and Health Sciences

At the completion of this activity, the pharmacist will be able to:

1. Describe the role of THC and CBD
2. Outline the state and federal cannabis regulations
3. Describe currently available cannabis products
4. Inform patients on cannabis use and resources

0045-0000-22-011-L01-P / 1 Contact Hours

Activity Overview: Individual pharmacists, and the pharmacy industry as a whole, should have an understanding of how cannabis works, currently available products, and state/federal regulations. All involved in the profession should know how to talk to patients about cannabis use, basic counseling points, and where to turn for additional resources. This is especially important in New York State, where pharmacists are required for medical cannabis dispensing. While these pharmacists may be the experts, patients are still getting their traditional medications from their community pharmacy. Having a mutual understanding of what the patient is taking and its effects is imperative.

Intended Audience: Practicing pharmacists, preceptors and student pharmacists.

Live On-line Webinar: Albany College of Pharmacy and Health Sciences is pleased to have launched live, on-line broadcasting of continuing pharmacy education activities. Participants may register to view activities on-line from off campus. Attendees who register for remote viewing will receive a link to attend the program using their computer, tablet or phone, along with instructions to access Zoom Meeting **one week prior to the webinar**. You will be able to listen to the speakers and view the educational materials and respond to polling questions. In order to qualify as a live activity, questions may be posed to the presenters by means of the on-line chat function.

Continuing Education: Continuing Education credit has been approved for 0.1 hour of live continuing education units (CEUs) or 1 contact hours of live continuing education. **Participants must log in using your full name so that proof of participation can be confirmed.** Participants must also complete the online learning assessments for the activity attended after the program to receive credit for this activity. **You will have 45 days from the day of the program to complete the evaluations and learning assessments to receive ACPE credit.** Upon completion and verification, your continuing pharmacy education credits will be sent to CPE Monitor. Statements of credit may be printed from the CPE Monitor website at: www.nabp.net/pharmacists.

ACPE policy states that paper and/or electronic statements of credit are no longer required to be distributed directly to learners as proof of ACPE credit. This official record of credit is located on the learner's e-profile in CPE Monitor. Printed copies of statements will no longer be distributed by Albany College of Pharmacy and Health Sciences.

Registration Fee: There is a registration fee of \$25.00 for pharmacists. There is no cost for student pharmacists. You can register for this CE by going to the following link:
<https://pharmacyce.acphs.edu/user/login> . **The deadline to register is Monday, September 19, 2022.**

Statement of Disclosure: In accordance with ACPE Standards, ACPHS requires that speakers and program planners disclose any relationships that they may have with commercial interests whose products or services may be mentioned in their presentations. Dr. Veselov has nothing to disclose.
