Did not receive either a Pell Grant or a Subsidized Stafford Loan	52	34	65.4%
<i>Total</i>	<i>153</i>	<i>94</i>	<i>61.4%</i>

\*Figures for 'Completed' refer to the number of students in the cohort who completed within 150% of normal time (6 years for the four-year BS program; 3 years for the two-year Pre-PharmD program). Per IPEDS guidelines, Pre-PharmD students are considered completers when they progress into the professional PharmD program. BS students are considered completers when a BS degree has been conferred.

ACPHS reports graduation/completion rates by gender, race/ethnicity data, and Pell Grant/Subsidized Stafford Loan recipient status in the IPEDS Graduation Rates survey component. IPEDS only allows for the reporting of student gender in a binary system as either *Man* or *Woman*. Internally, ACPHS is exploring more inclusive ways to collect and report student gender data.

Data were last updated 6/20/2023.
