

From the kitchen of: Dr. Katie Cardone

What's cooking: Multimedia Evidence-Based Discussion

INGREDIENTS

<u>PowerPoint</u>	<u>Microphone</u>
<u>Voice Thread</u>	<u>Webcam</u>
<u>BlackBoard</u>	

TIPS

- * Provide [student instructions](#) for using the Voice Thread.
- * Provide an example so students can see how to effectively use the tool.
- * Create a Voice Thread discussion rubric to establish guidelines for this type of assignment.
- * Use the [Voice Thread settings](#) to enable/disable functionalities in order to shape the activity.

METHOD

1. Write questions about module topic.
2. Assign each student a question to research.
3. Create a PowerPoint file with one question on each slide and the assigned student names.
4. [Upload PowerPoint to Voice Thread](#) and [set up any preferred settings](#).
5. [Copy the embed code from Voice Thread and paste it into the HTML window](#) in your BlackBoard Course (alternatively, provide a link to the Voice Thread for your students to access).
6. Monitor the Voice Thread interactions and interject into the discussions as needed to facilitate the discussion around the weekly topic.
