What's cooking: Engaging Students with Virtual Post-Its

INGREDIENTS

Padlet

BlackBoard

METHOD

1. [Create a Padlet](#) and include your prompt, question, or purpose in the description to direct student participation.

2. [Copy the embed code from Padlet and paste it into the HTML window](#) in your BlackBoard course (alternatively, provide a link to the Padlet for your students to access).

3. Ask students to contribute their comments, questions, ideas to the Padlet during the activity.

TIPS

* Select a layout type when setting up your Padlet. This will help you manage and organize the information.

* Use creative backgrounds for your Padlet to help engage students or organize the posts in a meaningful way.
