

NAPLEX[®] Academic Year Report

Albany College of Pharmacy and Health Sciences School of Pharmacy

Prepared by NABP
April 21, 2026

Albany College of Pharmacy and Health Sciences School of Pharmacy Background

This report describes the North American Pharmacist Licensure Examination® (NAPLEX®) results for your graduates who graduated and subsequently tested from AY2021-2022 to AY2025-2026 as compared to graduates from your state and from all Accreditation Council for Pharmacy Education (ACPE)-accredited institutions. Academic years span from April 1st of one calendar year through March 31st of the following calendar year. Candidates are matched to your school based on their school of record for licensure. These records have been verified by NABP through transcript requirements that started in 2021; data prior to this are self-reported and not guaranteed to be correct. Please note that the values in this report are subject to change in the future as graduates from each cohort complete additional examinations.

The NAPLEX® Competency Statements were updated in 2025 and beginning on May 1, 2025, all NAPLEX® exams administered were constructed using the NAPLEX® Content Outline. Due to this update, the 2025 academic year reports provide two sections on Performance Level Descriptors (PLDs). The first PLD section will provide data on the NAPLEX® Competency Areas for all students who took NAPLEX® prior to May 1, 2025. The second PLD section will provide data on the NAPLEX® Content Domains for all students who took the NAPLEX® on or after May 1, 2025. If your school did not have any 2025 graduates take the NAPLEX prior to May 1, 2025, the section on Competency Area PLDs will be omitted.

Pass Rates and Counts by Graduation Academic Year and Examination Academic Year

Table 1 shows the pass rates and total number of graduates by the academic year in which they graduated and the academic year in which they took their **first attempt** on a NAPLEX for the past two years.

Table 1: First Attempt Pass Rates and Total Graduates in each Graduation Academic Year by Exam Academic Year

Graduation Academic Year	Exam Year: AY2024-2025 % Pass (n)	Exam Year: AY2025-2026 % Pass (n)	Graduation Academic Year Total
AY2024-2025	77.8% (117)	16.7% (6)	74.8% (123)

NAPLEX® Content Domain Performance Level Descriptor (PLD)

Explanation of PLDs The tables in the section provide data related to graduates' performance levels in each content domain on their **first attempt** only. There are four Performance Level Descriptor (PLD) categories, which are detailed below.

- **Level 1:** Performance at this level is **far below meeting the minimum performance** necessary to demonstrate competency.
- **Level 2:** Performance at this level **does NOT meet the minimum performance** necessary to demonstrate competency.
- **Level 3:** Performance at this level **meets the minimum performance** necessary to demonstrate competency.
- **Level 4:** Performance at this level **exceeds the minimum performance** necessary to demonstrate competency.

The content domains and their descriptions are provided in [Table 4](#).

Table 4: Content Domain Descriptions

Content Domain	Description	Percent of Exam
1	Foundational Knowledge Pharmacy Practice	25%
2	Medication Use Process (Prescribing, Transcribing and Documenting, Dispensing, Administering, and Monitoring)	25%
3	Person-Centered Assessment and Treatment Planning	40%
4	Professional Practice	5%
5	Pharmacy Management Leadership	5%

AY2025-2026 Graduate PLD Content Domain Percentage and Count for Your School

Table 5 displays the percentage and count of AY2025-2026 graduates from your school in each PLD category. The percentages are the percent of graduates who reached the indicated PLD within the indicated content domain. Table 5 includes content domain PLD information for only those 2025 graduates who took the NAPLEX® on or after May 1, 2025.

Table 5: Percentage and Count of School Graduates with NAPLEX® Content Domain Scores in Each PLD Category

Content Domain	Performance Level Descriptor (PLD)				Total
	1 - Far Below	2 - Below	3 - Meets	4 - Exceeds	
Foundational Knowledge for Pharmacy Practice	2.4% (3)	17.6% (22)	43.2% (54)	36.8% (46)	125
